

ADVANTAGES/BENEFITS

- The U-shape of the channel washer effectively prevents the profile from bending
- The shape of the channel washer makes push-through installation of rail profiles quick and easy

APPLICATIONS

- Channel washer to stabilise strengthen the profile

PROPERTIES

- Material: steel S235 JR (material no. 1.0037) acc. to DIN EN 10025
- Zinc plating: electro zinc plated, min. 5 µm

TECHNICAL DATA

Channel washer HK 27

Article name	Art.-No.	Hole diameter D [mm]
HK 27	079650	10,5
